STATEMENTS ESTABLISHING UNINTENTIONAL DELAY

Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Sir:

Applicant hereby submits statements establishing unintentional delay with regard to the Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR 1.137(b).

- 1) A Notice of Allowance and a Notice of Allowability were mailed January 2, 1997.
- 2) The Issue Fee, a Certified Copy of a foreign patent and an Amendment under 37 CFR 1.312 were timely filed April 2, 1997.
- 3) The Notice of Allowability required submission of a substitute Oath or Declaration.

4) the substitute Declaration was filed July 22, 1997 but Applicant unintentionally failed to obtain an extension of time. A copy of the Declaration is resubmitted herewith in reply to the Notice of Allowability.

5) The application became abandoned on April 2, 1997.

6) The Office mailed a Notice of Abandonment on September 24, 1998.

The Notice erroneously stated that the application was abandoned because the Issue Fee had not been received.

7) Applicant never received the Notice of Abandonment.

8) In the interval, Applicant filed several Status Inquiries for which Applicant never received any answer.

On August 19, 2005, Marvin S. Townsend was given Power to Inspect this file. Mr. Townsend learned that the patent application was abandoned since April 3, 1997 for failure to pay the Issue Fee.

A Petition to Withdraw a Holding of Abandonment was filed on September 14, 2005. A copy of the Petition and enclosures thereof are attached hereto.

The Petition was dismissed on August 22, 2006 as not addressing the real reason why the Application became abandoned (i.e., failure to timely reply to the Notice of Allowability).

Confirmation that the present Petition for Revival of an Application for Patent
Abandoned Unintentionally has been granted is respectfully requested.

Respectfully submitted,

Michel MANARAS et al.
